

Decorating **THINK TANK**

Do you have an eye for beauty, and a knack for decorating?

**Do you LOVE color and find that it invigorates you and
helps you feel energized and livelier?**

.....

If you answered yes to these questions, then maybe you'd be a good fit for helping on our *growing* "think tank." For the last year, Advancement has been inviting interested individuals (parents, students, or staff) to join a "Decorating Think Tank" so that we may brainstorm some ways to add artistic and fun elements to our halls at West-Mont.

If this idea appeals to you, please e-mail christie.werkheiser@west-mont.org

Projects that are currently underway that the team has already brainstormed are listed below; remember some of these items will take a while to complete, and we're only at the beginning! Come have a voice and make a contribution in creating your school's atmosphere!

**Adding Color to Hallways • Introducing Additional Colors to Classrooms
Art Display Areas • Mosaics**
